WORK EXPERIENCE

FRONT END DEVELOPER (CONTRACT)

Hit The Books July 2024-Present)

- Developed and maintained responsive UI components using React.js, HTML5, and CSS3
- Collaborated with designers to implement pixel-perfect layouts from Figma wireframes
- Utilized Git and GitHub for version control and team collaboration
- Integrated RESTful APIs to fetch and display dynamic content
- Participated in code reviews, daily stand-ups, and Agile sprint planning
- Improved website accessibility and optimized components for cross-browser compatibility
- Troubleshoot and debugged front-end issues to ensure smooth user experience

ADMIN SUPPORT

Pivot Ground Tech. (2024-Present)

- Supported administrative and technical needs across online systems and tools
- Coordinated onboarding processes, managed and organized digital files, and ensured accurate and timely record updates
- Communicated professionally with stakeholders, ensuring smooth coordination across departments
- Adapted quickly to tech-based workflows and contributed to optimizing day-to-day operations in a remote-first environment
